Statement

FOR IMMEDIATE RELEASE
November 10, 2026

Update on the Morrisburg Arena Construction

We know how important the Morrisburg Arena is to the residents, families and user groups who rely on it, and we appreciate everyone who has adapted to the temporary washrooms, change room and program adjustments this season. Your flexibility has helped keep the arena running while construction continues.

Unfortunately, construction will not be completed by the end of November as previously expected, and we are unable to confirm a new completion date at this time.

We understand how frustrating this is, and we share that disappointment. Council and staff have made this project a priority and continue to push for its completion. Unfortunately, the current delays are outside of the Municipality's control.

In the meantime, we are actively exploring every available option to move the project forward and keep the arena operating as smoothly as possible under the temporary setup.

We remain committed to keeping the community informed. Our next update will be provided no later than December 1, 2026, or sooner if new information becomes available.

Thank you for your continued patience and support.
